

Extension Web Site
www.msue.msu.edu/kent

Project record books, declarations, and a host of other information is available on the above website. If your project book is not listed, please contact the Extension Office at 336-3265. The first page you will view is the home page for Extension. Click on the "4-H Youth Development" located on the left hand side of the page to visit the 4-H page. There is a lot of information so you will need to scroll. All record books are found in the "Record Book" module with the exception of the Explorer Horse record books which will be found in the "Kent County Horse Information" module. The Goat project area also has its own module due to the large amount of information listed. If you need a generic record book for your project, you will also find that in the record book module.

Most of the record books and declarations are interactive.

KENT COUNTY YOUTH FAIR WEB SITE
